*Minneapolis, Minn.,* ~~Jan. 4, 1904.~~ ~~190~~

To the Honorable Board of County Commissioners,

Anoka, Minn.

Gentlemen:-

In the matter of the public ditch in your county, I beg to report that I have been unable to finish the survey, and as no work can be done on the ditch until spring I shall have the report in ample time that contracts may be let as soon as the ground is fit to work. I am sorry that I have to again ask for extension of time but the elements and conditions over which I have no control compel me to do so.

I beg to suggest that it might be as well to extend the time until next spring.

I am,

Yours very respectfully,

*J. E. Egan*
