4 Pri	file of	ditel	No. 13	<u> </u>			
And we did	Make a computar	ditel	_ lco. / 2 rumber of cu	l bic yard	s of earth v	o be excav	ated and reme
And we did from said a	make a computar	ditely	Lo. Le	bic yard: between	of earth i	to be excave	ated and remo
And we did from said destimated co	make a computar litch	dicely tion of the n	wo. 1.3	bic yards between f, and o	each of the	to be excave the 100 foo the total	ated and remo t stakes, and number of c
And we did from said destinated converges to be	make a computary litch  ost per cubic yard excavated and ref	dicely tion of the re for the re noved from	number of cu moval therece the entire le	bic yards between f, and a	each of the lid sum until aid ditch.	to be excave the 100 foo the total	ated and remo t stakes, and number of c
And we did from said d estimated co	make a computar litch  ost per cubic yard excavated and res	tion of the re for the re noved from and an		bic yards between f, and congth of s the tota	each of the each o	to be excave the 100 food to the total aying out,	ated and remo t stakes, and number of c establishing
And we did from said d estimated co yards to be construction	make a computariest per cubic yard excavated and res	tion of the re for the re noved from and an rk. And w		bic yards between f, and c ngth of s the tota	each of the each of the lid sum uneaid ditch. I cost of lee to be presented.	to be excave the 100 foo the total aying out, pared in t	ated and reme t stakes, and number of c establishing abular form,
And we did from said d estimated co yards to be construction giving the d	make a computarilitch  ost per cubic yard  excavated and ref	tion of the re for the re moved from and an rk. And w h at the bott	number of cu  moval thereo  the entire le  estimate of  e did cause  om and wide	bic yards between f, and c noth of s the tota the same	each of the lid sum used ditch. I cost of lee to be presented.	to be excave the 100 foo the total aying out, pared in t	ated and remote stakes, and number of cumber of cumber establishing abular form, tlet and each
And we did from said a estimated co yards to be construction giving the a hundred for	make a computare titch	tion of the re for the re moved from and an rk. And w h at the bott	Lo, /2  number of cu  moval thereof  the entire le  estimate of  e did cause  om and wide  'Lea	bic yards between of, and c noth of s the tota the same	each of the each o	to be excave the 100 foo to the total aying out, pared in to source, out	ated and reme t stakes, and number of c  establishing abular form, tlet and each
And we did from said d estimated co yards to be construction giving the d hundred for a part of th	make a computary litch  ost per cubic yard excavated and ref  of the whole wo lepth of cut, width ot stake of said	tion of the re for the re moved from and an rk. And w h at the bott teto attached	moval thereof the entire lestimate of edid cause om and wide	bic yards between f, and c noth of s the tota the same	each of the lid sum used ditch.  l cost of les to be prestop, at the which	to be excave the 100 foo the total aying out, pared in the source, out tabulated s	ated and remote stakes, and number of cestablishing abular form, tlet and each statement is measured.
And we did from said d estimated co yards to be construction giving the d hundred for a part of th	make a computary litch  est per cubic yard excavated and ref  of the whole word depth of cut, width ot stake of said is report and her	tion of the re tion of the re the for the re moved from and an rk. And w the at the bott the to attached	wood thereof the entire lestimate of edid cause om and wide	bic yards between of, and o noth of s the tota the same	each of the each o	to be excave the 100 foo the total aying out, pared in the source, out tabulated so	ated and remote stakes, and number of continuous establishing abular form, tlet and each statement is much statement.
And we did from said d estimated co yards to be  construction giving the d hundred for a part of th  And we did	make a computary litch	tion of the relation of the relation of the relation of the relation and an and an ark. And we had the bott between attached red, specify red, speci	number of cu  moval thereo the entire le estimate of e did cause om and wide the , marked the time and	bic yards bic yards between of, and of noth of s the tota the same th at the manner	each of the each of the lid sum we wait ditch.  I cost of the to be presented to be to be which which in which	to be excave the 100 foo to the total aying out, pared in the source, out tabulated so	ated and remote stakes, and number of continuous establishing abular form, thet and each estatement is much statement is much statement.
And we did from said a estimated co yards to be  construction giving the a hundred for a part of th  And we did (in case of	make a computation  whiteh	tion of the re for the re noved from and an rk. And w h at the bott eto attached red, specify re	wood thereof the entire lestimate of edid cause om and wide the time and cify the size	bic yards bic yards between of, and o noth of s the tota the sam th at the manner and kin	each of the each o	to be excave the 100 foo to the total aying out, pared in the source, out tabulated so tabulated so to be used,	ated and reme t stakes, and number of c  establishing abular form, tlet and each statement is n  Ate  shall be done, or other mate
And we did from said a estimated co yards to be  construction giving the a hundred for a part of th  And we did (in case of necessary in	make a computation  itch	tion of the re tion o	wood thereof the entire lestimate of edid cause om and wide the time and cify the size and did estimate of the did estimate and did estimate a	bic yards bic yards between of, and o noth of s the tota the sam th at the manner and kin	each of the each o	to be excave the 100 food to the total aying out, pared in the source, out tabulated so tabulated so to be used, same as a	ated and reme t stakes, and number of c  establishing abular form, tlet and each statement is m  shall be done, or other mate
And we did from said a estimated co yards to be  construction giving the a hundred for a part of th  And we did (in case of necessary in cost of said	make a computation  whiteh	tion of the re tion o	moval thereof the entire lestimate of edid cause om and wide the time and the time and cify the size and did estimate of the specification.	bic yards bic yards between of, and o noth of s the tota the sam th at the manner and kin ate the s and es	each of the each o	to be excave the 100 foo to the total aying out, pared in the source, out tabulated st tabulated st o be used, same as a te made a p	ated and remote stakes, and number of cestablishing abular form, thet and each statement is much shall be done, or other mater part of the testable and the testable shall be done, or other materials.

statement is made a part of this report and hereto	
3, de Celo 110, 13.	attached, marked SEY Wish
And we did cause to be prepared, in tabular form,	a statement showing the names of the owners of
each tract of land to be benefited or damaged, the	ne description of each tract benefited or damaged
(said names of owners and descriptions being the	same as appear on the County tax duplicates of
said Aucka Coun	nty), and the total number of acres in each of said
tracts the estimated number of acres in each o	f said tracts of land to be benefited or damaged
(as the case may be) and the amount that each	tract of land will be benefited or damaged by the
construction of said work which said statement is	s hereby made a part of this report and attached
