Dear Sir Mr Caswell.

I will drop you a few word on the county ditch on Peter Lorete farm, sec. 24, Town Columbus. There must been a mistake on the figure when they assess me 30 acres.

I always figure 30 acres land, what I can't plow. I had two men to measure it for me to be sure and they measure 30 acre taking every bit of low land that I have in the marsh.

I wish you will please represent this letter to the county commissioners. The next time that they will meet.

Please look this matter  
over. As I cannot afford to  
pay the amount of money for  
nothing.

I remain

Your Truly

Mrs Peter Coate
