**WHEREAS**, At a session of the Board of County Commissioners of the County of

Shuška State of Minnesota, held July 5<sup>th</sup>

1889, a petition signed by Carl V. E. Lovell

land owners, whose lands were liable to be affected by, or assessed for, the expense of the construc-

tion of the work proposed therein, praying for the establishment and construction of a public

Sitel and Bavelles along a route described therein, accompanied by a bond duly

approved, as provided by law, was filed with the County Auditor of said County; and it appearing

by proper evidence to the satisfaction of said Board of County Commissioners that at least thirty (30)

days' notice has been given of the pendency of said petition and of the time at which the same would

be heard, as by law provided, whereupon the said Board did, at its session on the 5<sup>th</sup>

day of July A. D. 1889, proceed to hear and determine said petition;

and said Board having determined that the construction of such ditch would be of public benefit or

utility, or conducive to the public health, convenience or welfare, we did accept said petition, and

thereupon did appoint, as viewers of said proposed work, three (3) resident freeholders of said

Shuška County, who are not interested in the construction of said

proposed work, and are not of kin to any of the parties interested therein, and directed them to

meet, preparatory to commencing their duties as such viewers, at the Office of the County Auditor

in said County, ~~at the City of Shuška~~ on the 12<sup>th</sup> day of

July 1889; and it appearing to the satisfaction of said Board

that certified copies of the said petition and order of said Board appointing them as said viewers

was issued to and served upon said viewers, as by law provided, they proceeded, at the time set in

said order, with a surveyor who is a civil engineer, and made an accurate survey of the line of said

Sitel and Bavelles from its source to its outlet, and did cause stakes to be placed

along said line at each 100 feet, as numbered progressing down stream from its source, and made

and filed a report thereof; and reported that said Sitel and Bavelles would be of

public utility; and in their said report made the necessary computations and assessments, description

of location, the land through which the same would pass, the names of the owners, and the damages

or allowances thereto, the expense attending such work, and all the estimates, as required by law,

duly sworn to as by law required.

And the Auditor of said Shuška County did, after the filing of

said report, cause a notice to be given, to be published, posted and mailed, as by law provided, of the

pendency of said petition and of the time and place set for the hearing thereof;

**Now, therefore**, We, the Board of County Commissioners of said County of
