Anoka, Minnesota

Dear Sir:

This letter is being addressed to you as one of the signers for the cleaning and modification of Ditch No. 27.

The final hearing on the matter was held before the Board of County Commissioners on August 22, 1949 and the petition was denied. Under the terms of the petition each petitioner of course becomes responsible for the preliminary cost of the work to be performed.

We have now paid all of the bills in connection with this ditching project and the total cost amounts to \$659.55. Will you kindly arrange with the other petitioners for the payment of this amount?

Yours very truly,

EAC/ga

E. A. Carlson, County Auditor
