## DRAINAGE BLANK.

IN THE MATTER OF THE PETITION OF

AND OTHERS.

VIEWERS' REPORT.

Filed Field 9 1888.

No. 675.—Pioneer Press Co., Printers, St. Paul, Minn.

In the Matter of the Petition
of L Candinan
or and other
for a Dich in the County of Circles
State of Minnesota.
State of infilitiesota.
To the Board of County Commissioners of the County of Curolea
State of Minnesota:
The state of the state of the same transfer of the state of
The undersigned viewers, appointed by your order bearing date the
day of farman 1885, to view the route proposed in the petition
day of January 1895, to view the route proposed in the petition
for a public Dilet on the vente in Raid filition described
Dilition Obescitos
would respectfully report that we met at the time and place specified in your said order, preparator
to commencing our duties as such viewers, and, provided with a surveyor who was a civil enginee
made an accurate survey of the line of said proposed. Dut Vermelus
from its source to its outlet, and caused stakes to be set along said line, numbered progressively dou
stream at each 100 feet, and have caused a plat of said survey of said proposed ditch to be mad
which plat is made a part of this report and attached hereto, marked Extent 1551
prover tespest Deter vocas map of and
And we did make a computation of the number of cubic yards of earth to be excavated and remove
from said ditch Vincher between each of the 100 foot stakes, and the
estimated cost per cubic yard for the removal thereof, and did sum up the total number of cub
yards to be excavated and removed from the entire length of said ditch
and an estimate of the total cost of laying out, establishing an
construction of the whole work. And we did cause the same to be prepared in tabular form, al
giving the depth of cut, width at the bottom and width at the top, at the source, outlet and each or
hundred foot stake of said. Dilet Strander which tabulated statement is made
a part of this report and hereto attached, marked Exhibit Pro 1 Delib 1
28 - Ninn (Mps)
And we did, as by law required, specify the time and manner in which said work shall be done, an
(in case of underground work) did specify the size and kind of tile to be used, or other materi
necessary in such underground work, and did estimate the cost of the same as a part of the tot
cost of said work, which statement and specifications and estimates are made a part of this repo
and hereto attached, marked Cyhibil no 2 hum Ripor
Delik In 28
And we did cause to be made a statement of the names of the laborers, and the time each we
employed by us, and every other item of expense by us incurred in and about said work, which

And we did cause to be prepared, in tabular form, a statement showing the names of the owners of each track of land to be benefited or damaged, the description of each track beneficed or damaged (cold names of owners and descriptions being tho same as appear on the County law duplicates of mid Alex of Lea County), and the total number of acres in each of said tracts, the estimated number of acres in each of said tracts, the estimated number of acres in each of said tracts, the estimated number of acres in each of said stracts, the estimated number of acres in each of said tracts, and to be benefited or damaged (as the case may be), and the amount that each truck of land will be benefited or damaged by the construction of each sould send, which said statement is hereby made a part of this report and altachook hereto, marked Affected FLO Annual property of the report of in part, any public or emporate road or patricul, or benefits any of each roads; so did estimate the benefits argings thereform to the Lorenty of Little Bo	
And we did cause to be prepared, in tabular form, a statement showing the names of the owners of each tract of land to be benefited or damaged, the description of each tract of land to be benefited or damaged, the description of each track benefited or damaged (said names of owners and descriptions being the same as appear an the County was displicates of rocks, the estimated number of acros in each of said tracts of land to be benefited or damaged (as the case may be), and the amount that each tract of land will be benefited or damaged by the construction of said specified. It is a finished benefit to be presented by the construction of said specific or damaged by the construction of said (in case said ditch. Or Internation of Principles And (in case said ditch.
