PETITION.

To the County Board of the County of

Anoka

Minnesota:

The undersigned petitioners respectfully represent and state:

That they are the owners of lands that have been heretofore assessed for the construction of
Ditch No. 35 of *Anoka* County.

That the said ditch is in need of repairs and that its usefulness for the purpose for which it was
constructed has become greatly impaired by reason of the following facts:

FIRST—That said ditch has become obstructed by the deposit of sediment therein and by the growth
of weeds and grasses upon and along the bottom, sides, banks, and right of way thereof.

SECOND—That by reason of the construction of side and lateral ditches emptying into said ditch
the volume of water to be taken care of by said Ditch No. 35 has been
increased beyond the capacity thereof.

THIRD—

FOURTH—

Wherefore, Your petitioners pray that you will appoint a civil engineer to ascertain and report to
you the necessity therefor, and the cost of making such repairs, and when such report is filed such other
and further proceedings may be had as may be necessary for the repair of such ditch.
