And it is further ordered that the damages awarded to the persons or corporations above named be paid out of the County Treasury, and that the Auditor and the Chairman of said Board cause warrants to be drawn on the Treasurer of said County and delivered to the persons entitled thereto, as provided by law.

Given under our hand, this 12th day of Aug^r A. D. 1899

By the Board: E. S. Neagle
 Chairman Board of County Commissioners
 of Quincy County.

Attest: John McShallen
 County Auditor and ex-officio Clerk of Board.

IN THE MATTER OF THE PETITION OF

John M. Startey
 AND OTHERS.

ORDER ESTABLISHING

Duct #36

Filed Aug^r 12 1899
Selden H. Gaffey
 County Auditor.

State of Minnesota,

County of Chisago } ss.

Attorneys, At a session of the Board of County Commissioners of the County of Mnoka State of Minnesota, held February 23rd 1899

a petition signed by John McFarley, J. J. Parker, Wm. D. Day, M. R. Storer, E. M. Alford, David Gardner and Charles Butler

land owners, whose lands were liable to be affected by, or assessed for, the expense of the construction of the work proposed therein, praying for the establishment and construction of a public ditch along a route described therein, accompanied by a bond duly

approved, as provided by law, was filed with the County Auditor of said County; and it appearing by proper evidence to the satisfaction of said Board of County Commissioners that at least thirty (30) days' notice has been given of the pendency of said petition and of the time at which the same would be heard, as by law provided, whereupon the said Board did, at its session on the 25th day of February A. D. 1899 proceed to hear and determine said petition;

and said Board having determined that the construction of such ditch would be of public benefit and utility, and conducive to the public health, convenience and welfare, we did accept said petition, and thereupon did appoint, as viewers of said proposed work, three (3) resident freeholders of said County, who are not interested in the construction of said

proposed work, and are not of kin to any of the parties interested therein, and directed them to meet preparatory to commencing their duties as such viewers, at the Court House in the City of Shakopee in said County, at 1 o'clock P.M. on the 17th day of March 1899; and certified copies of the said petition and order of said Board

appointing them as said viewers was issued to and served upon said viewers, as by law provided, as will more fully appear from the certificate of service of George W. Merrill the County Auditor of said County, they proceeded, at the time set in said order, with a surveyor who is a civil engineer, and made an accurate survey of the line of said Stitch from its source to its outlet, and did cause stakes to be placed along said line at each 100 feet, as numbered progressing down stream from its source, and made

and filed a report thereof; and reported that said Stitch would be of public utility; and in their said report made the necessary computations and assessments, description of location, the land through which the same would pass, the names of the owners, and the damages or allowances thereto, the expense attending such work, and all the estimates, as required by law, duly sworn to as by law required.

And the Auditor of said Mnoka County did, after the filing of said report, cause a notice to be given, to be published, posted and mailed, as by law provided, of the pendency of said petition and of the time and place set for the hearing thereof;

Now, therefore, We, the Board of County Commissioners of said County of Mnoka having met in session at the time set for the hearing of said petition, to-wit, the 12th day of Aug 1899 and adjourned to the 1 day of _____ 1899

and proceeded to hear the same, and having found that the report of said viewers is made according

to the provisions of law, and that the proposed *dict* to be of public utility, and conducive to public health, or of public benefit and convenience, and, from the evidence before us, that the estimated benefits of said work are greater than its total cost, including damages awarded, do hereby locate and establish the said *dict* according to the report of said viewers appointed and acting as aforesaid; which said report, together with the plats and exhibits accompanying the same is hereby referred to and made a part hereof for greater particularity, as determining the location, width, depth and manner of construction of said proposed *dict* And the said Board of County Commissioners having from said viewers' report and the evidence before determined upon the benefits to be assessed and the damages to be awarded to the several tracts of land in said report described, do hereby assess benefits and award damages to the said lands as follows:
