Petition for Repairs of Ditch Number Thirty-eight.

To the County Board of the County of Anoka, Minnesota:

The undersigned petitioners respectfully represent and state ; that they are the owners of lands that have heretofore been assessed for the construction of Ditch Number Thirty-Eight of Anoka County. That the said ditch is in need of repairs , and that its usefulness for the purposes for which it was constructed has become greatly impaired by reason of the following facts:

First:- That the said ditch has become obstructed by the deposit of sediment therein and by the growth of weeds and grasses upon and along the bottom , sides, banks and right of way thereof.

Second:- That by reason of pasturage and the cultivation of land along its banks many places in said ditch are almost entirely filled

Third:- That to secure full benefits from the ditch , many places in the ditch will require opening, widening and deepening.

WHEREFORE, Your petitioners pray that you will appoint a civil engineer to ascertain and report to you the necessity therefore, and the cost of making such repairs, and when such report is filed such other and further proceedings may be had as may be necessary for the repair of such ditch , and the opening, widening and deepening of the same , as may appear necessary.

Dated at B. St. L., Anoka County, Minnesota, this 14 day of July A.D. 1916
