DIVISION OF WATER RESOURCES
& ENGINEERING
WALTER S. OLSON
DIRECTOR

ST. PAUL, MINN.

November 25, 1946

Mr. E. A. Carlson, County Auditor
Anoka County
Anoka, Minnesota

In the Matter of Public Drainage Proceedings
Now Pending in Anoka County for the Construc-
tion of County Drainage System No. 41 in Anoka
County, Minnesota

Dear Sir:

A copy of the engineer's report in the above entitled pro-
ceedings was presented to the Commissioner of Conservation
on the 13th day of November, 1946.

Pursuant to Laws 1925, Chapter 415, Section 12, the report
of the engineer has been examined and based on the data
submitted, is hereby approved with the incorporation of the
following recommendations as to culvert sizes:

On Main

Station 20+66 place	50 x 31 arch
Station 209+57	77 x 56 "
Station 257+87	77 x 56 "

Yours truly,
Walter S. Olson
Walter S. Olson, Director
Division of Water Resources
