Mr. Ken Campbell;

This is to inform you and the board of County Commissioners that I am withdrawing my petition for a hearing on the cleaning and repair on portions of sand creek.

As of this date, it now appears that the benefactors of the requested repair will be able to reach agreement on the benefits of the repair and pay the cost without the benefit of a hearing.

I thank you and all the members of the board of Commissioners for your consideration.

Sincerely
Loren B. Hentges
