

1000
1000

Believing that the facts set
forth outline show good
reason why an extension
of time should be granted,
the extension requested was
cordially granted.

Arthur H. Smith
Co. Secretary

File No. 24, 1907

. . . Court House . . .

Anoka, Minnesota, 12/24/07.

To the County Auditor of Anoka County,
State of Minnesota:—

The undersigned respectfully represents that he is the contractor engaged in the construction of county ditch #43 of said county; that the time limit set for the completion of the same is about to expire; that he has carried on the work of constructing the same with all possible diligence; that frost will make it impossible to continue the work much longer; that the ditch is now in such condition that the land to be benefited thereby is receiving practically the same benefits that it will receive when fully completed; that it is necessary that a further extension be granted in order to permit the completion of said contract; an extension of the time within which to complete said contract is therefore requested to and including July 1st, 1908.

Very respectfully,

J. P. Stewart
.....
