

ARTHUR E. MORGAN

CIVIL ENGINEER  
ST. CLOUD, MINN.

LONG DISTANCE TELEPHONE 365-L

July 29, 1907.

Mr. A. A. Caswell,  
Auditor, Anoka C.,  
Anoka, Minn.

Dear Sir:

After consulting with Mr Morgan, we have decided to give a payment of 75% of 75% on the open work designated in the report which Mr. Stewart has done. And that the payment for concrete work should be in full. The specifications and drawings for same are on file there in your office. We hope that Mr. Stewart will proceed with the tile work at once, as we are ready to send a man down to inspect whenever he calls for him.

Have reported to Doyle that No. 42 is about two feet above grade and no payments will be made until it has been completed satisfactorily.

Very truly yours,

*W. C. Wilson*
