of *Wata* County, Minn.

By *W. H. Stone* Chairman.

Dated this *28th* day of *August* A. D. 190*5*

Attest:

Arthur A. Lawrence

County Auditor.

and Others Copy of Petition of A. E. Wellman and Others.

To the Board of County Commissioners of the County of Anoka, State of Minnesota:

The undersigned land owners, whose lands ^{will be} liable to be affected by, or assessed for the expense of, the construction of the ditch hereinafter described, would respectfully represent that the public health convenience and welfare require the establishment and construction of a ditch along the following described route in the town of Ramsey, in said county of Anoka; that the construction of the same would be of public benefit and utility, and is necessary for the following reasons, to-wit: that a large amount of land is now overflowed and rendered unutilizable and unusable, which lands would be drained and improved and made usable and of much greater value, by the construction of the ditch herein petitioned for.

A general description of the proposed starting point, route and terminus of ditch is as follows: Feasible point in the northwest quarter (NW 1/4) of section twenty-three (23) in township thirty-two (32) and range twenty-five (25), thence running along the following route: By the most feasible route southerly and southeasterly through said section twenty-three (23), through portions of sections twenty-six (26), twenty-five (25), and thirty-six (36), said town thirty-two (32) and range twenty-five (25), and terminating in said section thirty-six (36), in Rum River as its outlet, with the necessary and proper branches or branches. And your petitioners pray that you will proceed to establish such ditch and branches, and cause the same to be constructed as provided by chapter two hundred thirty (230) of the general laws of Minnesota for 1905.

Dated June 12th, 1905.
