

Filed Aug 30, 1906

Arthur H. Small

Co. Auditor

22

To the Board of County Commissioners, Anoka County, Minnesota:—

We, the undersigned, whose lands will be damaged by the establishment and construction of the proposed public ditch described in the petition of Hudson Guy and others bearing date the 19th day of July, 1906, which petition is hereby referred to hereby remonstrate against the granting of said petition and the establishment of said ditch.

The result of the construction of said ditch will be to drain a large body of water into Cedar Creek. It is a well known fact that the capacity of Cedar Creek in its present condition is not sufficient to carry off the water now drained thereby and if this ditch is constructed, it will cause the inundation and practical destruction of all the bottom lands along said Cedar Creek from the point where said Ditch enters said Creek to its junction with Rum River.

We earnestly ask that said petition be denied.
