Q W INTEREST 1908

Anoka, Minn. Aug. 29th. 1908.

To The Board of County Commissioners,
of Anoka County.

Gentlemen:-

I have the honor to report that in the construction of Ditch No. 48 it was necessary to make some extra work to secure to the lands effected by the ditch all the benefits possible as the ditch was originally planned. I have ordered and the work was performed as follows:-

A concrete apron to the outlet of the pipe across the
of the pipe across the Kettle Road \$ 9.25
Deepening the ditch in Sec. 16 by
Boyer's to more completely drain an old lake
bed 15.00

Widening the approach to the pipe
line to avoid sand getting into the pipe, 5.75 \$ 30.00

This way extra work and is within the Two per cent (2%)
allowed by law and was necessary to perfect the ditch.

Respectfully submitted,

Alfred E. Boyer
