9201 LEXINGTON AVENUE NORTH

CIRCLE PINES, MINNESOTA 55014

784-5898

Whereas, County Ditch No. 53, runs thru the Village of Circle Pines from the Northwest corner and empties into Golden Lake.

Whereas, sewage water and debris are deposited in this ditch from its entire length, and eventually finds its way to Golden Lake.

Whereas, this ditch is highly polluted and is a threat to the health and welfare of residents within Circle Pines and other communities.

Now, therefore, we, the Council of the Village of Circle Pines request the Board of County Commissioners to issue orders for the cleaning of Ancka County Ditch No. 53 immediately.

Be it further resolved, that the cost of such cleaning, be assessed against each community, which is affected by this ditch, in a fair and equitable manner.
