CONTRACT AND SPECIFICATIONS

for

County Ditch No. 56 in the County of Anoka,

State of Minnesota.

This agreement, Made and entered into this 1st day of Aug...
A.D. 1916 between the County of Anoka in
the State of Minnesota, party of the first part and H. L. Anderson and
W. J. Anderson party of the second part;

WITNESSETH, That for and in considerations of the payments
to be made by the said party of the first part, at the times and in the
manner as hereinafter mentioned; the said party of the second part conven-
ants and agrees with the said party of the first part to construct,
complete in every detail and in the manner hereinafter specified the
following described work. County ditch No. 56

For Forty-Nine hundred Twenty Seven and $\frac{7}{10}$ cents (\$3524.72) Dollars as
given in my bid for the said work. The said work being
the construction of a public ditch in the town of Pelham
in said County.

And it is agreed that the work shall be done within the time
as hereinafter specified, and in the manner herein specified, and in
accordance with the report of the Civil Engineer which are now on file
in the office of the Auditor of the said Anoka County, and in accordance
with the laws of the State of Minnesota relative to the construction of
public ditches in the said State.

And it is further agreed, that the said party of the second
part shall commence work within 10 days after filing the required
bond and signing this agreement, and shall complete the above described

work on or before the*July* day of *Anoka* A.D. 1916

AND IT IS FURTHER AGREED, That the said party of the second part will furnish all materials, tools, labor and appliances necessary for the construction of the said work in the manner and within the time as set forth in this agreement.

AND IT IS FURTHER AGREED, That the time shall be the essence of this agreement and should the said party of the second part fail to complete the work, as hereinbefore described, in the manner herein described or within the time as herein set forth or according to the terms of this agreement; then the said party of the second part shall forfeit to the said County of Anoka, the sum of *75* Dollars for each and every day that the said work remains in an unfinished condition after the time above specified.

TERMS.

County Commissioners. The term "County Commissioners" wherever used in this agreement is intended to designate a majority of the members of the Board of County Commissioners of the County of Anoka, in the State of Minnesota.

Contractor The term "Contractor" wherever used in this agreement is intended to designate the party or parties who may contract with the County of Anoka for the construction of any part of this work

Engineer. The term "Engineer" wherever used in this agreement, is intended to designate the civil engineer who has been appointed by the County Commissioners for the survey and superintendance of this work.

Plans. The plans, reports, specifications, and the

General Laws of the State of Minnesota relative to the construction of public ditches, must be considered as a part of this agreement and shall be considered in submitting bids on this work and the construction of the same.

Specifications.

General Description. This work shall consist of furnishing all materials,

tools, labor and appliances and building complete in every detail of County..... Ditch No..... 56..... Anoka County, to the satisfaction of the County Commissioners and the engineer and in compliance with the plans and reports of said ditch on file and of record in the office of the Auditor of the said Anoka County and these specifications.

Time. Work shall commence on or before the 14th of Aug..... 1916. and shall be pushed with due diligence until its completion, which completion shall occur before the 1st day of July A. D. 1917.....

Clearing and grubbing. The Contractor shall clear the route of the ditch from all trees, underbrush, roots and stumps, to a width of ... 6 ... feet on each side at the top of the finished ditch and its branches. Such trees, underbrush etc., to be removed and piled outside of the earth taken from the prism of the ditch and its branches, and it shall be and remain the property of the owner of the land on which said trees etc., are found.

Opening. Where the ditch is designated to be an open ditch, the top shall be opened sufficiently wide to secure a completed ditch of the required width, even though, the opening has to be made wider than the width stated in the report of the engineer.

Along Road. Where an open ditch follows parallel and within four (4) rods of the center line of a traveled or legally established road the material that is taken from the ditch shall be distributed to a uniform depth on the center line of the said road and to a width of not less than six (6) feet from the center on either side, so as to form a turn pike along the center line of the said road and to a length equal to the length of a ditch along the highway.

Material. The material will be removed from the prism of the ditch deposited and be deposited on either side in a compact pile along the route of the ditch as circumstances will admit, unless the ditch crosses a traveled or legally established road, or is otherwise

specified by the engineer.

Crosses - Where the line of the ditch crosses a traveled or legal-
ly established road, the material from the ditch will be
deposited in such manner as the engineer may direct.

Berm.

No earth or other material shall be left on the side
of the ditch within $\frac{3}{4}$ feet of either side of the com-
pleted ditch. This space of $\frac{3}{4}$ feet shall be when the
ditch is completed, free from earth of any material, or
roots, or stumps.

Surface.

At each One Hundred (100) foot station an opening
will be in the bank of the material taken from the ditch
and a shallow ditch at least six (6) inches deep and one (1)
foot wide will be dug from the natural surface of all marshes
to the ditch itself in order to allow all surface water to
reach the ditch.

Old

Ditches. Wherever a bank of this ditch runs within Twenty(20)
feet or less of a bank of any old ditch, the material
from the new ditch shall be deposited in the old ditch until
sufficient earth has been deposited therein to completely
fill the same.

Bridges.

The bridging of the roads where the ditch crosses a
road, will be done by the Board of Supervisors of the town,
in which the crossing is situated, unless otherwise designated
and will be built in accordance with the plans in said En-
gineer's report.

Staking.

The ditch and its branches has been staked by placing
numbered stakes at each One hundred (100) foot end by placing
a larger pole where the line of the ditches changes. These
stakes are on the center line of the proposed ditch and its
branches and should be closely followed in the construction
of the same.

Excavation. The ditch and its branches will be excavated to the

depth, the width on top, the width on the bottom and have
the berks of the slope as given and set forth in the report
of the engineer on file in the office of the Auditor of
the County of Anoka. The bottom between each One Hundred

(100) foot station will be made smooth and straight, and the banks shall have a uniform slope of one (1) to one (1) between each of said points, unless otherwise designated on plans.

Levels have been taken at the uneven points between the One hundred (100) foot stations and quantities estimated for such uneveness so that the contractor will receive payment for each cubic yard of material removed.

Open

Ditches.

The general form of the open ditches shall be of the required width on top, of the required depth and having the side slopes of one (1) to one (1) unless otherwise designated on plans. Between stations the ditch shall have the same slope of the sides and shall be of sufficient width on top to secure that slope.

And it is further agreed, That as the work progresses, the engineer may alter or change the plans, specifications, or the manner of conducting the work, but it is agreed that no change will be made so that it will increase the cost of the work above ten (10) per centum of the total original contract price. Any change so made will be done only on the written instructions of the engineer.

And it is further agreed, that the payments will be made by the said party of the first part by orders drawn on the Treasurer of the County of Anoka, in the manner and at the time as established by the laws of the State of Minnesota, relative to the drainage of the lands by the counties, of the said state.

In witness whereof, the said parties to this agreement
have hereunto set their hands and seals the day and year first
written.

KNOW ALL MEN BY THESE PRESENTS,

That we, H. K. Anderson and Theo. J. Anderson,
as principal and P. T. Anderson
and C. T. Anderson and W. J. Anderson
are held and firmly bound to the County of Anoka, State of Minnesota,
and to any person or persons who may perform any work of labor or furnish
any skill or material in the execution of the contract herein described,
or who may show themselves to be aggrieved or injured by any breach of
the said contract; in the sum of 3524 and 72/100 Dollars,

lawful money of the United States of America, to be paid to the said
County of Anoka, State of Minnesota.

The conditions of the above obligations are such that
wheres, that, at a public sale of the work of constructing a new
of a certain public ditch designated as a ditch No. 56
of Anoka County, held the 20th day of
July A. D. 1916, a certain section there
of numbered 12

wore sold to H. K. Anderson and Theo. J. Anderson of
W. J. Anderson and the said H. K. Anderson
and Theo. J. Anderson have made contract with the County
Auditor of the said Anoka County acting for and in the place of the
said County bearing date of Aug. 4th A. D. 1916
to construct the same.

Now, therefore, it is the said H. K. Anderson and Theo. J. Anderson
shall truly and faithfully keep and perform all of the terms of the said
contract; pay all charges and damages which may accrue from the construction
of said work; pay all damages, which may accrue from the reason of
the failure to complete the said job within the time and in the manner re-
quired in the said contract and shall indemnify and save harmless the said
County of Anoka from all damages or injury to persons or property, on
account of this work and shall save harmless and shall indemnify the said
County of Anoka from all costs and damages which may accrue on account
of the said work; and that in case any, change, extension, addition, or

alteration is made in the terms of the said contract, such changes, extension, addition or alteration shall in no case affect the obligation of this bond or of the obligation of the said principal and sureties thereto; then the above obligation to be void, otherwise remain in full force and virtue.
