

L. DARRAH CUTTER
ATTORNEY AT LAW
ANOKA, MINNESOTA

May 26, 1947

TO: Board of County Commissioners
Anoka County, Minnesota

At your request I have prepared the following proposed resolution relative to Ditch #57:

Be it resolved by the Board of County Commissioners in the County of Anoka at the hearing on the viewer's report on the cleaning of Ditch #57, in view of the following circumstances:

- (1) Whereas it has appeared from the evidence produced at the hearing that a large and substantial amount of cleaning has been done by private owners since the date of the petition, and
- (2) The large group of land owners present for this hearing were not present at the original hearing on the petition, at which those few then present caused it to appear that the said ditch required cleaning, and whereas now this large group of land owners have testified that their lands are adequately drained at the present time, and
- (3) Whereas it has appeared that several land owners affected failed to receive notices of the original hearing on the petition for cleaning, that

the petition for cleaning of Ditch #57 should be referred to the Engineer for reconsideration, the Engineer being instructed to report to this Board on Monday, May 26th, and all proceedings herein be stayed, pending a determination on that date as to whether or not said ditch requires cleaning.
