Attorney at Law
610 Baker Building
Minneapolis 2, Minn.

Dear Mr. Michel:

While this is not an official notice I thought probably you would be interested in the outcome of the application for the cleaning of Ditch No. 57.

After continuing several hearings and hearing both sides of the controversy, the Board's final decision was that the petition be denied. There seemed to be so much opposition to the cleaning of this ditch that the Board did not feel justified in going ahead with it.

Yours very truly,

EAC/ga

E. A. Carlson, County Auditor
