

DWSMA Web Application Tools

Navigation tools:

*****If you have a mouse wheel, that also works for zooming in and out**

Basic ID Tool:

Clicking within a DWSMA boundary or on a MPCA point will produce a popup window with detailed information and a link to additional information.

Search/Locate tools:

Use this tool to view a list of all of the DWSMAs within Anoka County. Click on a record to zoom to the DWSMA location on the map. DWSMA Name, City, Vulnerability and a link to the Minnesota Department of Health's website for that particular DWSMA are provided with this tool.

You can limit the records displayed to a particular city by clicking on the binoculars icon (Search by City), and then entering a city name and clicking the "Search" button.

Use this tool to search for an address. Enter an address in the pop-up window (Enter a house number, a street name or partial street name). If multiple matches are returned, click on the address that you are looking for and the map will zoom to that address.

Tips:

-Do not include city name or any punctuation.

-If you are having trouble locating an address, try entering just the house number, or just the street name, or even just a portion of the street name.

Miscellaneous tools:

Switch between aerial photos and the base map

Use the “Turn Layers On/Off” button to view a list of map layers that can be turned on and off – including MPCA Points, DWSMAs extending into Anoka County and House Numbers.

Print a hard copy of a map.
