

**JOINT POWERS AGREEMENT  
FOR THE INSTALLATION OF TRAFFIC CONTROL SIGNALS  
AT THE INTERSECTION OF CSAH NO. 17 AND  
CSAH NO. 12 IN THE CITY OF BLAINE  
Project No. CP 93-07-17**

THIS AGREEMENT is made and entered into this 21st day of October, 1993, by and between the County of Anoka, a political subdivision of the State of Minnesota, Anoka County Government Center, 2100 3rd Avenue, Anoka, Minnesota 55303, hereinafter referred to as the "County," and the City of Blaine, 9150 Central Avenue Northeast, Blaine, Minnesota 55434, hereinafter referred to as the "City."

**WITNESSETH:**

WHEREAS, the parties to this Agreement desire to jointly cause the construction of traffic-actuated control signals at the intersection of County State Aid Highway (CSAH) No. 17 and CSAH No. 12; and

WHEREAS, the parties to this Agreement agree that it is in their best interest that the City costs of said project be shared; and,

WHEREAS, said work will be carried out in accordance with the provisions of Minn. Stat. § 471.59.

NOW, THEREFORE, it is mutually stipulated and agreed:

**I. PURPOSE:**

The County and City have joined together for the purpose of installing a traffic control system at the intersection of CSAH No. 17 and CSAH No. 12, as described in the plans and specifications numbered 93-07-17 on file in the office of the Anoka County Highway Department and incorporated herein by reference.

**II. METHOD:**

The County shall provide all engineering services and shall cause the construction of Anoka County Project No. 93-07-17 in conformance with said plans and specifications. The letting of bids and the acceptance of all bid proposals shall be done by the County.

### III. COSTS:

A. The contract costs of the work, or if the work is not contracted, the cost of all labor, materials, normal engineering costs and equipment rental required to complete the work, shall constitute the actual "construction costs" and shall be so referred to herein. "Estimated costs" are good-faith projections of the costs which will be incurred for this project. The estimated costs are attached as Exhibit A, and incorporated herein by reference.

B. The City shall pay for engineering services at a rate of eight percent (8%) of its actual construction costs.

C. A temporary signal will be constructed in which the City's cost will be only that of power and the power supply. The City agrees to participate in the permanent signal cost when CSAH No. 17 is reconstructed.

D. The total estimated future cost to the City is based on the actual costs of construction and the City's share as provided for in Exhibit B. The estimated future cost to the City is:

|                           |                 |
|---------------------------|-----------------|
| Construction              | \$40,000.00     |
| Engineering (8%)          | <u>3,200.00</u> |
| Total Estimated City Cost | \$43,200.00     |

E. Upon final completion of the construction of a permanent signal, the City shall pay to the County, upon written demand by the County, the actual cost of construction and engineering, estimated to be \$43,200.00. The City's share of the project shall include only construction and engineering and does not include administrative or other expenses incurred by the County.

### IV. TERM:

This Agreement shall continue until (1) terminated as provided hereinafter, or (2) until the construction provided for herein is completed and payment provided for herein is made, whichever (1) or (2) shall first occur.

### V. DISBURSEMENT OF FUNDS:

All funds disbursed by the County or City pursuant to this Agreement shall be disbursed by each entity pursuant to the method provided by law.

VI. CONTRACTS AND PURCHASES:

All contracts let and purchases made pursuant to this Agreement shall be made by the County in conformance to state laws.

VII. STRICT ACCOUNTABILITY:

A strict accounting shall be made of all funds and report of all receipts and disbursements shall be made upon request by either party.

VIII. SIGNALIZATION POWER:

The City shall, at its sole expense, install or cause the installation of an adequate electrical power source to the service pad or pole for the intersection of CSAH No. 17 and CSAH No. 12, including any necessary extensions of power lines for both the temporary and permanent signal systems. Upon completion of said traffic control signal installation, the ongoing cost of electrical power to the signal shall be at the sole cost and expense of the City.

IX. MAINTENANCE:

Maintenance of the completed signal and signal equipment will be the sole obligation of the County in accordance with their agreement with Ramsey County.

X. TERMINATION:

This Agreement may be terminated by either party at any time, with or without cause, upon not less than thirty (30) days written notice delivered by mail or in person to the other party. If notice is delivered by mail, it shall be deemed to be received two (2) days after mailing. Such termination shall not be effective with respect to any solicitation of bids or any purchases of services or goods which occurred prior to such notice of termination.

XI. AFFIRMATIVE ACTION:

In accordance with the County's Affirmative Action Policy and the County Commissioners' policies against discrimination, no person shall illegally be excluded from full-time employment rights in, be denied the benefits of, or be otherwise subjected to discrimination in the program which is the subject of this Agreement on the basis of race, creed, color, sex, marital status, public assistance status, age, disability or national origin.

XII. NOTICE:

For purpose of delivery of any notices hereunder, the notice shall be effective if delivered to the County Administrator of Anoka County, Anoka County Government Center, 2100 3rd Avenue, Anoka, Minnesota 55303, on behalf of the County, and the City Manager of the City of Blaine, 9150 Central Avenue Northeast, Blaine, Minnesota 55434.

XIII. INDEMNIFICATION:

The City and the County mutually agree to indemnify and hold harmless each other from any claims, losses, costs, expenses or damages resulting from the acts or omissions of the respective officers, agents or employees relating to activity conducted by either party under this Agreement.

XIV. ENTIRE AGREEMENT/REQUIREMENT OF A WRITING:

It is understood and agreed that the entire agreement of the parties is contained herein and that this Agreement supersedes all oral agreements and all negotiations between the parties relating to the subject matter thereof, as well as any previous agreement presently in effect between the parties relating to the subject matter thereof. Any alterations, variations or modifications of the provisions of this Agreement shall be valid only when they have been reduced to writing and duly signed by the parties herein.

IN WITNESS WHEREOF, the parties of this Agreement have hereunto set their hands on the dates written below.

\*<sup>1</sup> The County pays for 100 % of a Standard Median Design such as plain concrete. If a community requests decorative median such as red brick, stamped concrete, or exposed aggregate concrete the City will pay the additional cost above the cost of standard median.

\*<sup>2</sup> In the event no State Aid is being used, drainage cost shares will be computed by proportions of total area to County area where the area of the road right-of-way is doubled prior to performance of the calculations.

\*<sup>3</sup> In communities less than 5,000 people the County pays for 100% of the cost of the traffic signal effective March 1986. The County collects on behalf of the cities (less than 5,000) "Municipal State Aid Dollars" since they do not themselves qualify for state aid funds. These funds are used to pay the City Share.

\*<sup>4</sup> Engineering shall be paid by the Lead Agency except that any participating agency will pay construction engineering in the amount of 8 % of the construction costs paid by that agency.

\*<sup>5</sup> In the event that the City requests purchase of right-of-way in excess of those right-of-ways required by County construction, the City participates to the extent an agreement can be reached in these properties. For instance, a City may request a sidewalk be constructed alongside a County roadway which would require additional right-of-way, in which case the City may pay for that portion of the right-of-way. Acquisition of right-of-way for new alignments shall be the responsibility of the City requesting the alignment. In addition, any costs including right-of-way costs incurred by the County because a City did not acquire sufficient right-of-way during the platting process or on new alignments shall be paid by the City.

\*<sup>6</sup> The County will replace all driveways in-kind. Upgrades in surfacing (i.e. gravel to bituminous, bituminous to concrete) shall be at 100 % expense to the City.
